

ENABLE FRONTLINE WORKSHOP

Get ready to achieve more with Microsoft Teams

See what's possible

Interlink experts will walk you through the art of the possible, working with you to identify unique needs of your frontline workforce to help solve your specific collaboration challenges. During the workshop, we'll develop an actionable plan based on your frontline workforce needs to help you move forward.

Frontline workers are the backbone of hybrid operations, for all major industries. These workers fill customer-facing roles or functions that have a direct impact on business growth and operations. Frontline workers typically comprise the majority of the workforce and it's their actions that translate strategies into action, delight customers and move an organization forward.

It's time to design and deliver frontline employee experiences that deliver back to the bottom

line with powerful and intuitive tools and devices that help every employee succeed and contribute to your success. As the hub for teamwork, Microsoft Teams is designed to help organizations improve collaboration and increase efficiency by automating key business processes. With the Enable Frontline Workshop, you will work through various frontline worker challenges and pain points to identify top prioritized scenarios for your frontline workforce.

How can Interlink help?

Interlink's team of Microsoft certified consultants will explore opportunities to transform your frontline workers day to day experiences with purpose-built solutions, tailored for your organization. **Contact us today** to learn more about this workshop!

87% *say their organization will be more successful when frontline workers are empowered to make important decisions in the moment**
