BUILD A PLAN TO DEPLOY AND ADOPT MICROSOFT TEAMS PREMIUM

How you meet is becoming just as important as when and where you meet. Powered by Microsoft AI with GPT, Teams Premium is a leap forward in end-user productivity. Let Interlink help you speed the adoption and deployment of this game-changing technology.

With the move to Teams Premium, your knowledge workers, HR, customer-facing employees, marketing, and international connections will benefit from new features and improvements that offer users enhanced meeting capabilities, improved collaboration tools, and AI-powered productivity to name a few.

Your team will be provided with the necessary back-end configuration updates and will also have access to training, which will provide the support and confidence needed to use new functionalities of Microsoft Teams Premium.

BENEFITS OF TEAMS PREMIUM:

- Work smarter with AI-powered meetings
- Enable employees to focus on what matters most
- Enjoy simple, personalized meetings for every audience
- Help safeguard confidential information
- Streamline virtual appointment setting and management
- Host advanced, high-quality webinars

MEETING BETTER WITH TEAMS PREMIUM JUMPSTART

Introducing the Meeting Better Jumpstart — a modular engagement to identify user profiles within the business while focusing on specific scenarios that drive meeting culture transformation. With extensive solution experience, Interlink will show you the power of Teams Premium for your specific user profiles, highlighting features such as intelligent recap, real-time translation, virtual appointments, security-integration of sensitivity, meeting templates, and advanced webinars. This Jumpstart will also introduce the Art of the Possible with Microsoft AI through readiness discussions around your technology, processes, and people.
