

## WHY YOU SHOULD ATTEND:

Given the volume and complexity of identities, data, applications, devices, and infrastructure, it's essential to learn how secure your organization is right now, and how to mitigate and protect against threats moving forward. By attending this engagement, you can:

Identify current, ongoing security threats in your Cloud environment

Walk away with actionable next steps based on your specific needs and objectives

Document your security strategy for the benefit of key stakeholders

Better understand how to accelerate your security journey using the latest Microsoft Security tools

## ENGAGEMENT DELIVERABLES

- ▶ Deep analysis of cybersecurity threats that are found targeting your organization
- ▶ Actionable recommendations to help immediately mitigate the identified threats and discovered vulnerabilities
- ▶ A MDE Vulnerability assessment of your IT and security priorities and initiatives, direct from cybersecurity pros
- ▶ An inside look at Microsoft's holistic approach to security, and how it relates to your organization
- ▶ Demonstrations of integrated security, including the latest Defender tools and XDR methods
- ▶ Long-term recommendations from Microsoft experts about your security strategy, with key initiatives and tactical next steps
